# **HURRICANE DORIAN, The Bahamas (2019)**

**With the FLC donation, we were able to assist six women who had lost their homes and we also joined in the feeding programme at one of the local churches, where some of the women in our FLC group helped to cook and distribute breakfast to school children, teachers and the surrounding community every day. In the first week they served more than two thousand meals, but the numbers grew so fast that we had to ask our government for assistance. **THE BREAKFAST PROGRAMME** has continued to this day as the coronavirus has led to loss of jobs and lockdowns.**
