Testimonies

“

Johnny

Thome, 47-year-old husband, One Child, Destroyed home

Since the explosion the family received help from several organizations. It was very grateful for the support of MECC since it consisted of food, hygiene, detergent supplies that can support them for a few months. Other supplies consisted of mattresses and linens. MECC alongside with local churches were able to support essential supplies to families in need and hoping to continue to meet other urgent needs. ”

Amira

Widow, 5 children

Amira needed a space where she could freely express herself, and be with other people who are going through other difficult situations like her; it made her feel safe and accepted and not an outcast anymore. Amira said "I learned a lot during the sessions, they lifted my spirit and gave me the courage to face my children and be able to better communicate with them". ”

“

Sara

Widow, 3 children including one with special needs and paralyzes, Beirut blast survivor

he had a difficult time taking care of her children alone without a husband. She even faced having a handicapped son. Despite all of life's struggles Sara was able to take care of her family. Then the Beirut blast arrived incurring physiological and physical damage. Sara shares about the hard economic situation that led them to get kicked out of their house for not being able to afford rent. Sara then shares that she got some local support but was very thankful of MECC support of food, hygiene, detergents and diapers that she is in highly need and that would last her them for few months. raising my children. My main priority is to give my children a nice, safe, and stable life." ”

“

Mariam

mid-40s woman, 3 children

Her husband who is a carpenter had not found a job since 2019. To make matters worse, her 3 children had to drop from public school since they cannot afford transportation. This past January, Mariam learned about MECC's OLD, Our Lady Dispensary center related to, from a neighbor who had attended the PSS and Soft Skills classes. "Coming to OLD each week is the one thing in my life that keeps me going" Mariam claimed after attending the Soft Skills class. a nice, safe, and stable life." ”

“

Alice

72 year-old Lebanese Christian widow, 2 adult children with limited family commitments

For the past five years Alice has been treated for hypertension and diabetes, as well neuropathic pain. However, the current economic situation coupled by the spread of the COVID-19 pandemic and the fact she cannot be supported by her adult children, made things worse. Knowing about MECC's dispensary OLD, she has been coming every month to receive her medication. Alice feels deep gratitude for not only the medication assistance, but also the vital personal attention and care which she receives from the OLD staff. Alice has said, "I thank God that Our Lady Dispensary treats me like a valued person and cares for me when no other NGO's have time for me. I am blessed." ”
